

- 9) All schools and colleges in the Lambeth and Southwark area. A vital priority is not only to have met the teachers at The Young Vic but to be in every school before the end of the first year of the Unit's operation.

These visits might take any of several forms:

- a) seeing a piece of theatre or drama that is being produced by the school or college
- b) taking a workshop within the school - probably for free
- c) taking a production of some sort into the school itself (see under YOUTH THEATRE AND YOUNG COMPANY)
- d) visiting the teacher and speaking with the students about the work of The Young Vic and the Unit.

- 10) Over the three year period broadening contacts with educational institutions and educationalists beyond the local area.

NEEDS

- An exhibition of the work of the Young Vic as it relates to young people
- well produced brochure outlining the work and aims of the unit
- a small scale, workshop based production by members of the Youth Theatre that can be taken into schools and colleges
