

ACCESSIBILITY STATEMENT FOR HOME 20

This is an accessibility statement from Young Vic Theatre.

Measures to support accessibility

Young Vic Theatre takes the following measures to ensure accessibility of Home 20:

- Include accessibility as part of our mission statement.
- Include accessibility throughout our internal policies.
- Integrate accessibility into our procurement practices.
- Appoint an accessibility officer and/or ombudsperson.
- Provide continual accessibility training for our staff.
- Assign clear accessibility goals and responsibilities.
- We have accessed government guidelines and resources to ensure we are as compliant as possible.

Conformance status

The Web Content Accessibility Guidelines (WCAG) defines requirements for designers and developers to improve accessibility for people with disabilities. It defines three levels of conformance: Level A, Level AA, and Level AAA. Home is partially conformant with WCAG 2.1 level AA. Partially conformant means that some parts of the content do not fully conform to the accessibility standard.

Additional accessibility considerations

Due to the nature of the Content Management System we used to build this site, there are elements of the content that are compliant. In order to address this issue, we have created a video experience of this site, which can be viewed by people who experience accessibility barriers.

Feedback

We welcome your feedback on the accessibility of Home. Please let us know if you encounter accessibility barriers on Home 20:

Email: boxoffice@youngvic.org

Visitor & postal address: Young Vic, 66 The Cut, Waterloo, London SE1 8LZ

Compatibility with browsers and assistive technology

Home 20 has been designed to be compatible with the following assistive technologies:

Most modern browsers and computers

Home 20 is not compatible with:

Mobile versions of the site

Technical specifications

Accessibility of Home relies on the following technologies to work with the particular combination of web browser and any assistive technologies or plugins installed on your computer:

- HTML
- CSS
- JavaScript

These technologies are relied upon for conformance with the accessibility standards used.

Limitations and alternatives

Despite our best efforts to ensure accessibility of Home 20, there may be some limitations. Below is a description of known limitations, and potential solutions. Please contact us if you observe an issue not listed below.

Known limitations for Home 20:

Alt text on images: Some of the images do not have alt text because The CMS we are using does not allow for this function. We have created a captioned video with voiceover that explores the site.

Moving images: Some of the images are flashing images because Part of the experience of the site. We have created a captioned video with voiceover that explores the site.

Sound effect video is not captioned: One of the videos is not captioned, as there is no clear speech and is a visual aid because the artists included this as

part of their process. We have created a captioned video with voiceover that explores the site.

Not mobile compatible: Website is not mobile optimised because the experience was designed for a desktop and the limitation of the CMS make it difficult to experience it on a mobile. We have created a captioned video with voiceover that explores the site.

Assessment approach

Young Vic Theatre assessed the accessibility of Home 20 by the following approaches:

Self-evaluation

Formal complaints

We hope you enjoy the site. If you have any issues when using it please contact us at boxoffice@youngvic.org.
